SEPTIMO SENTIDO GARNACHA 2021

---

**A refreshing Garnacha rosé to repeat without regrets.**

---

## ORIGIN

Séptimo Sentido is a collection of wines created for those who enjoy each glass as if it were the last. Pure hedonistic pleasure to squeeze the most and sin without limits. And if you are going to sin, sin well, because penance is the same ;-)

Our favorite sins are greenish, pink and tempestuous-violet, with luminescent reflections and envious glows. they greedily possess a fresh aroma of intense lust and fruity touches that are combined with lazy citrus and balsamic notes. Its flavor is sweet and proud, with the right amount of acidity and ripe pleasant tannins that invite you to succumb to unbridled gluttony.

To make these very enjoyable wines, we have traveled through different areas of Spain to get some exceptional wines that invite us to sin without the slightest hint of regret.

## 2021 VINTAGE

*Winter and spring were marked by rain, which provided the vines with good water reserves to face a very hot and dry summer, which led to a good state of health for the grapes. Ripening was excellent thanks to the thermal oscillation between day and night, and the grapes reached a great balance between degree and acidity, good intensity and structure.*
